

# 2026 Shenzhen SEO Conference

## CITY TOUR CATALOGUE & FAQ

14 September 2026 · Shenzhen, China

To give our domestic and international attendees an outstanding experience, we have curated a matrix of tour options combining Shenzhen's high-tech innovation, Lingnan cultural heritage, and coastal scenery, with plenty of room for executive networking.

### WHERE TO MEET

Every tour departs from and returns to the conference hotel, The St. Regis.

Please gather in the hotel hall and look for the City Tour sign with your track name.

### 01 · CHOOSE YOUR DAY · AT A GLANCE

| Time          | Track                | Options                                                                                                                                         |
|---------------|----------------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
| 09:30 – 19:30 | Full-Day Hybrid      | 1 · Digital Innovation & Coastal Skyline<br>2 · Digital Innovation & Folk Custom Track                                                          |
| 09:00 – 12:00 | Morning Specialist   | 1 · Cantonese Morning Tea Experience<br>2 · Lianhua Mountain & Smart UAV Delivery                                                               |
| 14:00 – 17:00 | Afternoon Specialist | 1 · FS Tech Company Visit<br>2 · SunOn Factory Tour<br>3 · Ancient Roots & National Calligraphy Workshop<br>4 · Coastal Landmarks & “Bay Glory” |
| 19:00 – 21:30 | Evening Nightlife    | 1 · Tech-Skyline & Waterfront Relaxation<br>2 · Lingnan Water-town Aesthetics & Sensory Traditions                                              |

*You may combine one morning, one afternoon and one evening track. A full-day track runs 09:30–19:30 and cannot be combined with other tracks.*

## PART ONE · TOUR CATALOGUE

### 01 · FULL-DAY “TECH + HERITAGE” HYBRID TRACKS · 09:30 – 19:30

These premium tracks combine a high-level corporate visit with iconic city landmarks. Because they run until 19:30, a full-day track cannot be combined with an evening track.

#### Option 1 · Digital Innovation & Coastal Skyline

- **09:30 – 12:30 | Premium Tech Campus Visit: Baidu Autonomous Driving Hub.** An end-to-end immersion in cutting-edge tech, including a campus tour and an Apollo Go driverless vehicle experience.
- **12:30 – 14:00 | Lunch Break.** Dining and exploration at a premium lifestyle hub (Sea World or K11 Coast).
- **14:00 – 16:00 | Shenzhen Talent Park Walk.** A scenic coastal walk showcasing Nanshan’s world-class skyline, plus a live demonstration of Meituan drone delivery.
- **16:00 – 19:30 | Nantou Ancient City.** A guided tour, with a light dinner included.

#### Option 2 · Digital Innovation & Folk Custom Track

- **09:30 – 12:30 | Premium Tech Campus Visit: Baidu Autonomous Driving Hub.** An end-to-end immersion in cutting-edge tech, including a campus tour and an Apollo Go driverless vehicle experience.
- **12:30 – 14:00 | Lunch Break.** Dining and exploration at a premium lifestyle hub (OCT Harbour).
- **14:00 – 19:30 | Splendid China & Folk Culture Village.** An immersive exploration of traditional architecture and minority ethnic customs, with a light dinner included.

*The two full-day tracks share the same morning but diverge completely after lunch: Option 1 is coastal skyline and heritage streets, Option 2 is cultural performance and folk traditions.*

### 02 · MORNING SPECIALIST TRACKS · 09:00 – 12:00

#### Option 1 · Cantonese Morning Tea Experience

A local-led deep dive into the “dim sum” slow-life philosophy, with bilingual commentary on the evolution of Cantonese culinary culture. The meal is included.

#### Option 2 · Natural Leisure — Lianhua Mountain & Smart UAV Delivery

A gentle hike to the summit of Lianhua Mountain for a panoramic overlook of the Futian CBD, followed by a demonstration of autonomous drones delivering refreshments to the hilltop kiosk.

## 03 · AFTERNOON SPECIALIST TRACKS · 14:00 – 17:00

---

### Option 1 · FS Tech Company Visit

An exclusive, behind-the-scenes tour of FS TECH, Shenzhen's premier one-stop PCB and PCBA manufacturer. Step onto the floor of a Fortune 500 supplier and see how cutting-edge electronics move from raw files to fully assembled tech. Best suited to attendees with hardware, electronics, or supply chain interest.

*Protective coveralls are required on the factory floor and are provided on site.*

### Option 2 · SunOn Factory Tour

A behind-the-scenes look at Sun On Enterprises Group, with live 3D printing, CNC machining, 2K injection moulding, and advanced QA testing labs in action. Best suited to attendees who market physical products and want to see how they get made.

### Option 3 · Ancient Roots & National Calligraphy Workshop

A walking tour of Nantou Ancient City, a 1,700-year-old historic origin point, followed by a hands-on brush-and-ink masterclass in a private courtyard.

*Full-day Option 1 also visits Nantou Ancient City. Choose one or the other.*

### Option 4 · Coastal Landmarks & “Bay Glory”

OH Bay plus the “Bay Glory” Ferris wheel — sunset views from 128 metres above the Qianhai financial zone.

## 04 · EVENING NIGHTLIFE & LEISURE TRACKS · 19:00 – 21:30

---

Both evening tracks have built-in weather contingencies, so the experience runs rain or shine.

### Option 1 · Tech-Skyline & Waterfront Relaxation

- **Clear weather:** A scenic walk along the Shenzhen Bay Park Boardwalk, followed by networking and nightlife at Sea World.
- **Rainy day pivot:** An indoor itinerary exploring the UpperHills Indoor Cultural Corridor and its high-end loft streets.

### Option 2 · Lingnan Water-town Aesthetics & Sensory Traditions

- **Clear weather:** A heritage walk through OCT Harbour, featuring lakeside executive social lounges.
- **Rainy day pivot:** A premium indoor tea salon experience paired with an incense ceremony masterclass.

#### A NOTE ON THE NAME

OCT Harbour is a contemporary waterfront district designed around traditional Lingnan water-town motifs — canals, covered walkways, lakeside pavilions. It is a modern build interpreting a heritage style, rather than a historic village.

## PART TWO · FREQUENTLY ASKED QUESTIONS

### SIGNING UP

---

#### How do I sign up?

Through the conference app. If you have trouble logging in, find any of our staff and we will register you directly. On the day, give your name at the meeting point and you are set.

#### Is there a deadline?

One day before your tour departs — 13 September. Earlier is better.

#### Is there a limit on numbers?

Each tour is capped at 30 people. If a route is oversubscribed, we simply open a second group, so you are unlikely to miss out on your first choice. If one does fill before we can open the extra group, our staff will add you to the waiting list and confirm quickly.

#### Can I change or cancel my booking?

Yes. Please remove or change your registration in the app so we can plan capacity accurately. If the app gives you trouble, tell any of our staff.

#### Can I join more than one track in a day?

Yes. You can combine a morning, an afternoon, and an evening track. The exception is the full-day tracks, which run 09:30 to 19:30 and cannot be combined with other tracks.

#### Can I bring my spouse, a colleague, or my child?

The city tours are exclusive to registered conference attendees.

### COST AND MEALS

---

#### Are the tours included in my conference ticket?

Yes. There is no tour fee, no transport cost, and all entrance and experience tickets are covered — including the Apollo Go ride, the “Bay Glory” Ferris wheel, and Splendid China admission.

#### Which meals do we provide?

- **Cantonese Morning Tea Experience** — the meal is included.
- **Full-day tracks** — a light dinner is included at the final stop.
- **Conference dinner at The St. Regis, 18:30** — open to everyone, free, no sign-up needed.

#### Which meals do I pay for myself?

Breakfast, and lunch on the full-day tracks. The morning and afternoon specialist tracks include no meal. We keep lunch self-paid on purpose: the premium shopping centres we stop at offer far more choice than a fixed group menu would.

**What should I budget?**

Around USD 15–30 for a full lunch, or roughly USD 7 if you prefer snacks.

**What if I don't have local cash or mobile payment set up?**

Our on-site staff can pay on your behalf and you can reimburse them afterwards. Just ask.

**Should I eat before an evening tour?**

Yes. The conference dinner at 18:30 is timed for exactly this, so join us there before you head out. There are snack and drink stops along both evening routes, but no proper meal.

---

**TRANSPORT AND TIMING**

---

**Where do we gather, and where does the tour end?**

The St. Regis hotel hall, both ways. If you have booked separate morning, afternoon, and evening tracks, expect to return to the hotel between each one. Getting yourself to the hotel is up to you; everything from there is covered.

**How early should I arrive?**

On time is enough. We hold departure for five to ten minutes, but the schedules are tight, so punctuality is genuinely appreciated.

**What if I'm running late?**

Let us know through the app, by email, or in the attendee WeChat or WhatsApp group. We will help you catch up with the group where possible.

---

**DOCUMENTS AND PHOTOS**

---

**Do I need to bring my passport or ID?**

No. We collect names and passport numbers in advance and complete all venue and travel agency registration on your behalf, so nothing has to be sorted out on the day. Keep your passport somewhere safe at your hotel.

**Can I take photos and video inside the factories and tech campuses?**

Yes, photography and video are permitted.

---

**LANGUAGE AND ACCESSIBILITY**

---

**Will there be English commentary?**

Yes. Every track has a professional English-speaking guide, accompanied by a member of the Shenzhen SEO Conference team.

**Are the tours wheelchair accessible?**

Most are, since they take place in modern buildings and developed public spaces. Please tell us your requirements in advance and we will arrange support.

**What if I have limited mobility rather than a wheelchair?**

There is a fair amount of walking on most tracks. Let our staff or your guide know and we will adjust the pace and build in rest points.

**Can you accommodate dietary requirements?**

Yes. For included meals we cover as broad a range as we can. If you need help ordering something specific during a self-paid meal, please ask your guide or one of our volunteers.

---

**ON THE DAY**

---

**What should I wear?**

Comfortable walking shoes above all. The FS Tech visit requires protective coveralls on the factory floor; these are provided on site.

**Who decides if a rainy-day pivot happens?**

Our on-site team, based on the forecast. Your group will be notified before departure.

**Who do I contact during the tour?**

Your guide and the conference staff member travelling with your group. You can also reach us through the app or the attendee WeChat and WhatsApp groups.

**STILL STUCK?**

Please email **Mengying Chen · Event Coordinator** · [mengying@shenzhenseoconference.com](mailto:mengying@shenzhenseoconference.com)

Or ask in the attendee WeChat / WhatsApp group — someone from the team is always on.
